BOB PARRISH JURY DISAGREES

The jury that heard the evidence in the case wherein Bob Parrish was accused of killing Bill Beef were unable to agree on a verdict last Friday evening. The testimony of the Indians was somewhat conflicting and Weldon & Held made the most of it and succeeded in raising a doubt in the minds of some of the jurymen. The case was well tried on both sides. The jury stood 5 for conviction and 7 for acquittal. Since the trial District Attorney Duncan has secured some additional evidence and it is quite possible that he will try the case again, as he thinks a conviction can now be secured.

Cleveland Place Sold

Thomas A. Hunt, who has lived in every State west of the Mississippi during the past twenty years, has purchased the Dr. Cleveland place in Coyote valley and has taken possession. Mr. Hunt and his wife have lived the past two years in southern California, and when they got up here and found water—water actually running in streams, they thot there was little use in going farther. Mr. Hunt for two years bought what was alleged to be water, for cooking purposes, at five cents per gallon, short measure at that, and when he views the liquid in his irrigation ditch on his newly-purchased place it almost seems that he is dreaming. He is well pleased with Mendocino county and hopes his enchantment will not be dissipated.

Prominent Visitors

State Controller E. P. Colgan, "Uncle Dick" Beamer and Frank Mattison, members of the State Board of Equalization, were in Wednesday on their annual statutory tour of inspection of the work of the county assessors. They found everything to their satisfaction in Assessor Thomas' office. Wednesday night they stopped at the state hospital as the guests of Superintendent King and Steward Handy. They made the DISPATCH office a pleasant call yesterday morning. They left for Eureka by way of Willits at noon.

UKIAH TEAM DEFEAT WILLITS

Large Crowd Witness Best Game of Ball Ever Played On Local Diamond

The Willits fans came down to Ukiah last Sunday to try their luck with the boys of the present county seat. They were a gentlemanly lot of boys and played a good game of ball but were unable to hit the balls that "Chief" unwound for them. They left great holes in the atmosphere, and likewise in the air, as Bill Nye says. A large crowd was out to witness the game and they got their money's worth and had the great and unexpected pleasure of seeing the Ukiah team get down to business and play good ball. It was the best game Ukiah has played this season. All the boys played good ball, with the exception of a few errors. The features of the game were two splendid catches by Collier, the catching of Belvail and the pitching of "Chief." Twice Willits filled the bases and "Chief" settled down and handed out a few twisters that retired the side. He succeeded in getting 11 strikeouts and received good support. Again Willits had the bases full when a batter popped a fly to short left, but Collier came in like a whirlwind and caught it within 6 inches of the ground, retiring the side.

The Willits team also did some good playing. Barr pitched a good, steady game. Clarence Gibson covered second base in good shape as usual. Umpire Hill's decisions gave universal satisfaction.

The story of the game is told in a concise form below:

Death of Mrs Vogelman

Mrs. D. J. Vogelman died at Vallejo on the 6th instant after an illness of two weeks. Mrs. Vogelman was born in Ukiah and lived here during her early girlhood. She was the daughter of Mr. and Mrs. Paul Boulon and as a young lady she possessed much of the talent that made her parents famous. Some time ago she was married to Dr. D. J. Vogelman, of Vallejo, who together with a little daughter less than two weeks old, survives her. Mr. and and Mrs. Boulon were with their daughter at the time of her death. Mrs. Vogelman had a large circle of friends who deeply regret her untimely death. The remains were interred in Cypress lawn cemetery, San Francisco. Mrs. Vogelman was a niece of Mrs. C. W. Mathews of this city.

WOOL GROWERS WILL NOT SELL

Not One Pound of Wool Sold In Three Days—Holding For Better Price

Tuesday last as wool sale day can go down in local history as the day when no wool was sold. Lucas' warehouse was full of wool, several buyers were there on the ground and growers galore were present—all anxious to get down to business. But up to last evening not one pound of wool had changed hands.

Several days ago several lots of wool were sold at 30 cents and the Mendocino county growers expected that to be the ruling price Tuesday. When they found that the best offer was but 27 cents they were somewhat astonished, and so far are holding out for an additional two or three cents. The buyers appear to be working the old game, heretofore successful, of coming up from the city fully agreed as to the price they propose to pay and as to the division of the wool after it is purchased. There is no competition among them and they appear to be waiting until some anxious grower gives in and is willing to sell at the figure mentioned

Last season several of the growers declined to sell on wool sale day and they were rewarded by receiving several cents additional to the price ruling on that day. This season they apparently remembered this former experience and are inclined to profit therefrom. Tuesday, Wednesday and yesterday little groups of the sellers could be seen gathered on the street corners talking over the situation. The buyers seem undisturbed by the stand taken by the ranchers, and appear confident that their waiting game will win out as usual. Some of the smaller growers have gone home, leaving their wool in charge of others who remain to see the finish of the fight.

The names of the owners and the amount of their wool is as follows:

CITY TRUSTEES POSTPONE ACTION

The matter of putting in an electric fire alarm system came up before the Board of Trustees at their meeting Monday evening, but upon motion action was postponed for one week. It is expected that final disposition of the matter will be made next Monday night.

The question of appointing a superintendent to oversee the construction of concrete work done for the city was discussed, but no action taken.

Matter of renting the sewer farm was referred to the health committee, with full power to act.

Liquor licenses were granted to J. B. Seykora, J. R. Moore, Irene Dale, Ed Porter, Frank Sandelin, George Eff, H. P. Seims, Malpas & Cosgrove, Frost & Redwine, O'Neal & Tarrance, Hildreth & Clark, Jos. Enderlie, R. S. Ryerson, R. McKinley, S. Wurtenberg, Hattie Rivington.

A petition for the repealing of the ordinance prohibiting building of frame buildings within the fire limits was received by the board. Action deferred until the next meeting.

The Ladies Entertain

The ladies of the Saturday Afternoon club entertained about 150 of their friends at York & Cleland's hall last Tuesday evening, the occasion being the second annual reception of the club. The function was a brilliant affair socially. The hall had been converted into a charming reception room, gay with appropriate decorations. Simpson's orchestra discoursed music during the evening behind a mass of shrubbery. Light refreshments, such as punches, etc., were served during the evening. The hall presented a gay scene, the ladies in evening toilets, colored lights throwing a soft light over all made this occasion one long to be remembered in the society annals of this community.

Liquor Dealers Arrested

Col. W. W. Moore, of Moore's Inn, was arrested Tuesday, charged with selling liquor without a license. The date for his trial has not yet been set.

Miss Ida Guidi was arrested Wednesday, charged with selling liquor within one mile of the state hospital, in violation of the law passed at the last session of the legislature. She is to appear to plead in Judge Crockett's court Monday.

Wedded Wednesday

NEWSY NOTES FROM WILLITS

WILLITS, June 21.—The old pioneers of this community were greatly grieved last week when they heard that Newton P. Rogers had passed away at his home west of town. He became overheated the first of the week while out on his range. He recovered next day, but toward evening he began to fail and died that night. He was 75 years old. He was a resident of this valley for many years and had a wide circle of friends. He was a strong, sturdy man and an excellent citizen. He fought gallantly for the lost cause during the civil war, taking part in thirteen fierce engagements. He came to California from Missouri in 1872. He lived at Ukiah for some time and was steward of the county hospital for a number of years. He was a Democratic war horse and will be missed as a party leader. He leaves a wife and six children—H. J., J. B., A., Robert, N. J. and Mollie and a number of grand children to mourn his departure. The funeral took place from the family residence and was largely attended. A good citizen has gone from amongst us. May he rest in peace.

The Willits fans returned from Ukiah this week. They ran up against the real thing and were defeated this time. When Ukiah comes up here she will get the same dose.

The three-year-old child of Mrs. J. Brink died last week Mr. and Mrs. Charles Clay also lost their infant son the same day.

Mrs. Liftchild, of Covelo, is here on a visit to her daughter, Mrs C. F. Vincent.

Dr. Woelfel has moved out to Millville, where he has charge of the company's hospital.

Dr. Blodgett, of Napa, has located in our city for the practice of his profession.

The following officers have been elected by the Odd Fellows lodge for the full term: N. G., J. A. Banks; V. G., A. Brackett; Recording Sec'y., P. L. Hall; Financial Sec'y., F. Sanford; Treasurer, W. T. Saxon; Trustee, R. Cook.

Harry Norberry, of the planing mill, was unfortunate enough to lose two fingers of the left hand in the machinery last Friday.

J. W. Flaherty, of the "Ukiah," and recently from Ukiah, is entertaining two soldiers who did service in the Philippines. Flaherty hasn't gotten over the writeup THE DISPATCH gave him a few weeks ago. He says they are raising bees in Mizzouri as large as goats. He also propounds this question to those who ask what kind of everything he keeps: "If it took Uncle Sam six months to raise a two-by-four flag in the Philippines, how long will it take a farmer to raise a pound of potatoes with a donkey engine."

CUBAN DIARRHOEA

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhœa is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brot home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by J. R. Mathews' pharmacy.

If you want a cream that is not sticky or greasy and can be applied at any time get Lemon Witch Hazel Cream at the Ukiah Drug Store, near the Postoffice. tf

MIDDLE COAST HAPPENINGS

Charles C. Vaughn and Miss Mayme Oldham were united in marriage last week at the home of Chas. Elsasser out on the Albion ridge.

John Staudacher has moulded some 75,000 brick in his brick yard and will soon be ready to burn the same. Such enterprise deserves encouragement.

Constable Dwinelle has handed in his resignation to the board of supervisors, giving as a reason that there is not sufficient salary in it to justify him in spending the time.

DYING OF FAMINE

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at J. R. Mathews' pharmacy, price 50c and $1.00 a bottle. Trial bottle free.

ASTHMA SUFFERERS SHOULD KNOW THIS

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third st., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthama which had been growing on me for 12 years, and if I had taken it at the start I would have been saved years of suffering." Sold by E. B. Gibson.

Festival Postponed

The committee in charge of the plans for the musical festival to be conducted by Mrs. Sweesy of Berkeley has decided to postpone it for the present. There has been a very good enrollment, but not sufficient to satisfy the committee. There are several reasons for not holding it during the month of July:

1st. Many of our schools open July 10th—the date set for the opening of the festival.

2d. Quite a number of our teachers had planned to spend their vacations attending the summer schools at Berkeley and San Jose.

3d The month of July is not a pleasant month in Ukiah on account of the heat.

Altogether the committee believes that it should be postponed and has written to Mrs Sweesy to that effect.

Vaughn--Oldham Nuptails

ALBION, June 16.—A very pretty, tho quiet, home wedding, took place Sunday, June 11th, at 4 p. m., at the residence of Mr. and Mrs. Charles Elsasser, when their niece, Miss Mamie Oldham, was united in marriage to Mr. Chas. C Vaughn, of Missouri. The ceremony was performed by the Rev. M. L. Goff. The cheerful parlors were tastefully decorated with ferns, roses and other flowers. Shortly after the arrival of the last guest, the beautiful bride appeared, leaning on the arm of the man of her choice, Mr. and Mrs. Ed. Oldham acting as bridesmaid and best man. The bride was attired in a costume of tan-colored cassimere, trimmed in white silk, while over all fell the bridal veil in graceful folds. The wreath of orange blossoms that she wore were not more fair than the brow they adorned, and in her hand she held a bouquet of white roses. The bridesmaid wore a waist of white organdie and carried a bouquet of pink roses, while the groom and best man were attired in black dress suits. Little Emma Elsasser, acting as ring bearer, looked handsome in a white suit, with which white stockings and slippers were worn.

Only the relatives and intimate friends were present. After the ceremony a sumptuous supper was served. The tables, tastefully decorated with flowers, were heaped with an endless variety of appetizing edibles. The large, rich cakes were pleasing to both sight and taste. The happy couple received many useful presents.

The newly wedded couple are well known here and around Ukiah, as the bride at one time held a position in the telephone office at that place. Mr. and Mrs. Vaughn will reside in this vicinity for awhile, but will make their home in the East. The good wishes of the community at large were lavished upon the happy young couple. Many a silent prayer for their future prosperity ascended from the hearts of the guests to the throne of Him who holds our lives in His hand.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhœa Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by J. R. Mathews' pharmacy.

HUGE TASK

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion, and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by J. R. Mathews' pharmacy; price 50c.

THREE PHYSICIANS TREATED HIM WITHOUT SUCCESS

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and three of the best physicians in Kentucky treated me without success. I then took Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me permanently. I gladly recommend this wonderful remedy." Sold by E. B. Gibson.

To Benefit Ukiah

The meeting announced last week to be held Thursday evening at St. John's M. E. church to consider what can be done to benefit Ukiah by improving her streets and establishing a club for boys, has been postponed until Tuesday, June 27th, at 8 o'clock. J. E. Pemberton, president of the city council, will open the discussion concerning what ought to be done to improve our streets and make our sidewalks look more attractive. Mrs. Gibson will present the question of "How to interest and help our boys." There will be good music and the program will be interesting thruout. Come and express your views on the above questions. Ice cream will be served to those who desire it at the close.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at J. R. Mathews' pharmacy, only 25c. Try them.

Sunday School Picnic

The Christian Sunday school enjoyed a picnic Tuesday on the McCracken ranch, near the asylum. Several hay wagons carried the youngsters over and every one apparently had a merry time from the time they started until home was reached again. A large paper balloon was sent up during the day and it floated about three miles before coming down. The first one they attempted to ascend caught fire and burned up.

More Improvements

Cement sidewalks are being laid this week in front of THE DISPATCH building and in front of the adjoining lots of J. H. Barker and the Christian church. It will be a great improvement and virtually make this property a half block nearer the court house. U. N. Briggs, the old reliable, is doing the work.

OUR BIG RETIRED LIST.

It would not be surprising if there was a revolt some time against the retired list of the army and navy. Through recent legislation and rapid promotions the retired list has become topheavy. There are now 3 lieutenant generals, 20 major generals and 250 brigadier generals on the retired list of the army. In the navy of the three highest grades there are 123 rear admirals, 18 commodores and 54 captains. The act of congress two years ago raised many men on the retired list one rank if they had seen service in the civil war and had not been advanced a grade on retirement. This swelled the list of brigadier generals a great deal, but 250 brigadier generals on the retired list is entirely out of proportion to the size of the army, either now or what it has been during the past forty years since the close of the civil war.—Washington Post.

Making Flawless Steel.

By the use of the substance called thermite, which consists principally of a mixture of aluminium and iron oxide and which possesses the property of continuing to burn spontaneously after having once been ignited, producing temperatures as high as 3,000 degrees C., it has become possible to make steel castings of enormous size and weight, free from flaws. The thermite is introduced into the steel as, in a molten state, it flows into the casting mold, and, igniting, it raises the mass to an extremely high temperature, thus filling up any flaws that may have started to form. When liquid iron is treated with thermite the metal shows much finer grains when it solidifies, and the surface possesses a remarkable polishing capacity.

Fined For a Laugh.

"Insulting behavior" is a very elastic charge in Australia. It may cover anything, from pitch and toss to manslaughter. Its latest application comes from Bendigo. In that golden city, where the late Marquis of Salisbury tried his luck as a digger in 1852, the authorities of one of the churches decided to suppress juvenile giggling. They introduced a policeman in plain clothes, and he detected a couple of small boys laughing during the evening service. The boys were brought into court on a charge of "insulting behavior" and fined 10 shillings each, plus 11s. 6d. costs. There are very few of us who have not been guilty of this crime at some period of our lives.—London Standard.

Egyptian Embalming.

M. Berthelot, secretary of the Louvre museum, believes that he has discovered the secret of the agent used in embalming in ancient Egypt. After a laborious examination of the sarcophagi of the fifth and sixth dynasties, which date back as far as 3500 B. C., M. Berthelot has come to the decision that the oil employed was simply castor oil, such as is still used in Egypt, which has undergone some oxidization, but retained during the long period its preservative qualities.

Women Chimney Sweeps.

There is a flourishing guild of women chimney sweeps in St. Petersburg and Moscow. The members must not be younger than fourteen or older than thirty-five, but there are eight girl assistants of the tender age of eight. The founder of the guild is the widow of a sweep, and all her six daughters are members.

One very strict rule of the guild is that members must resign their membership when they marry. —Home Notes.

Judicial Humor.

An Australian judge has just declared his determination to "put down laughter in court." A Melbourne paper advises him to begin with his brethren on the bench. "It is an extraordinary fact," says this candid critic, "that as soon as an otherwise sane man is raised to the bench he commences making vile puns and jokes, each of which should secure him six months' hard labor."

When the Bands Play "Dixie."

When the bands play "Dixie" the young fellows toss their hats on high and shout, "Hooray!" and cheer the glad processions. But the "old boys" who followed Lee and marched with Jackson feel the thrill of it from far and far away and look with dimmed eyes down the phantom lines and hear the bugle call—the call of the drums on the "eternal camping ground!"—Atlanta Constitution.

Farmers and Crime.

Here is a fact that city folks should remember when they are poking fun at the "country Reuben;" Farmers compose one-half of our population, but they only commit 2 per cent of our crimes.—Kansas City Journal.

A Queer Situation

Uncle Sam owns a single track railroad in Panama. Its business has grown so great that Uncle Sam finds it necessary to double track it. This brings him no facing a strange proposition.

If Uncle Sam's laws apply to the canal zone thru which the railroad runs, then he will have to pay $28 a ton for the rails, for the steel rail pool organized under Uncle Sam's beneficent tariff laws has made that price and provided a heavy penalty on the member of the pool who underbids. If Uncle Sam's laws do not apply, then he can buy steel rails for $20 a ton, that being the price that the steel rail pool makes in the foreign market to meet foreign competition.

It is a queer situation for Uncle Sam. If he is under his own law he is mulcted to the tune of $8 a ton on every ton of steel rails he buys for his own railroad. If he is a foreigner he can buy them for $20 a ton. If he owns to his relationship to his nephews he pays $8 a ton for giving his nephews recognition. If he disowns his nephews he saves $8 a ton. If he pays $28 a ton for the rails that his foreign cousins can buy for $20 a ton he confesses that he permits his rail making nephews to rob and plunder his rail consuming nephews. If he buys them as a foreigner in order to save $8 a ton he confesses that he is willing to make his rail consuming nephews pay a tribute that he himself is unwilling to pay—an unfilial act that even Uncle Sam would hesitate to commit.

But Uncle Sam must double track that Panama railroad. If any of his nephews can give him some sound advice doubtless Uncle Sam would appreciate it very much.—The Commoner.

Bell's Good Work Endorsed

Former Congressman Bell accompanied the Congressional Committee on Irrigation on the trip thru the Sacramento valley and greatly assisted the members in securing information and data. He was the best informed man on the trip and responded to a toast at Red Bluff, being received with tremendous applause. An associated press dispatch says:

"Ex-Congressman Bell had an enthusiastic reception, following an endorsement by the toastmaster of his good work for the district at Washington. He expressed strong sympathy with the irrigation movement, but he condemned the idea that the State or the Federal Government would present the people of the valley with millions for reclamation without the return of at least the major portion of the money. If the lands are not able to repay the outlay, they are not worth reclamation, would be the answer to all such applications. Until this idea is accepted, nothing much would even be accomplished at Washington. The War Department will not do much, but the Reclamation Service could do much, and he believed it would carry out the great Sacramento irrigation project, including the reclamation of the swamp lands."

THE Hudson (W. S.) Free Republican says: "It is rather consoling to Democrats to know that all the reforms which are now being agitated and promised by Republican officials have been advocated by the Democratic party for twenty years. Revision of the tariff and prosecution of the trusts were two very prominent planks in the Democratic platform for two or three different presidential campaigns, while their efforts to regulate freight rates were successful in securing the passage of the Reagan bill, framed by Reagan of Texas, a Democrat, which provided for the appointment of the interstate commerce commission. The bill as first prepared gave the commission extensive powers, but its wings were clipped in its passage. It is the restoring of this law to the force of the original bill that Roosevelt and his party are staking so many promises on. The great good they are about to do to mankind comprises the very work they themselves defeated when the Democrats have tried it in the past. Democratic papers are either very modest about recalling these facts or they forget history with astonishing facility."

AN individual in Texas writes the California Fruit Grower, saying that the thorulessness pear or spineless cactus is found abundantly in Mexico as well as in other sections of the country and argues that credit should not be given to Luther Burbank for the so-called spineless cactus. The Texan is in error, as is well pointed out by the editor of the Fruit Grower, for the Mexican spineless cactus, while it has no spines, has spicules at the base of the leaves. It is these that harm the grazing cattle, and Mr. Burbank by his efforts has succeeded absolutely in doing away with them so that there is quite a difference between the spineless cactus of Mexico and the spineless cactus as originated by Mr. Burbank.

A KANSAS paper thus speeds the departure hence of one of its prominent citizens: "Deceased was a mild mannered pirate, with a mouth for whiskey and an eye for boodle. He came here in the night with another man's wife and joined the church at the first chance. He owed us several dollars for the paper, a large meat bill, and could be heard praying six blocks away. He died singing, 'Jesus Paid it All,' and we think he was right, as he never paid anything himself. He was buried in an asbestos-lined casket and his friends threw palm-leaf fans in the grave, as he may need them. His tombstone will be a resting place for hoot owls."

REPUBLICAN papers appear to think that, while a deficit in the treasury under a Democratic administration, but produced by Republican laws, was an awful thing, a deficit under a Republican administration, caused by Republican laws and Republican extravagance, is all right. Much depends on whose ox is gored. The people may take a different view from the Republican organ grinders. Who knows?

IT remains to be seen whether a naval board of strategy will try to wrest the laurels from Togo's brow. The indications are, however, that the Japs are not yet sufficiently civilized to enga[illegible]—The Commoner.

Preston Vindicates Himself

We have investigated the trouble between the Oakland judges and Attorney Preston. He should be commended and not abused and threatened. Mr. Preston has the documentary evidence to prove every assertion he has made. Judge Ogden charged that Preston had made a false assertion that an unrecorded deed was outstanding against the property being sold. Preston said to the court that he believed such a deed existed. Last Saturday he procured the affidavits of Orrin Dunlap, Gordon Baechtel and Stephen B. Martin, which prove beyond doubt that the land was deeded away on the 14th day of April, 1893. And that the money was paid at the Russ House in San Francisco and a part of it deposited in the Bank of Ukiah. Having proved that he was right in the deed matter, Judge Melvine, who was sitting for Judge Ogden, states that Preston bid upon the land when he secretly knew that there was a deed outstanding. This is likewise wholly wrong, as Preston did not have reason to suspect that there was a deed until some two months after his bid was made and when he so discovered it he informed the attorneys for the administrator and also the judge.

It is also stated that the land was very valuable and that Preston was trying to get it for a low figure. Orrin Dunlap swears positively that the experts sent up by the administrator did not see the land and did not at any time get closer than one-half mile to the land and that the land looked at by the experts was fuel timber land and the land of Harris was below the average in timber. Besides Preston shows that he was acting for the Pacific Coast Redwood Co. and was following instructions as to value and what to bid. The redwood company only offered $650 for a good title to the land.

It is charged that Preston was trying to cloud the title to this land. This certainly was not true. Mr. Preston, who is a man with unblemished character, a member of the Ukiah bar in the highest standing, was simply preserving the proof that the newspaper reports were untrue and that in case he needed these proofs he would have them. He did just what any other man would do after making an assertion—prove it. We have not the slightest doubt but that the Oakland judges have been misinformed and that when explained to them they will publicly exonerate Mr. Preston. Preston charges that some local influences have caused this disturbance. It is understood that a voluntary committee of attorneys and citizens here who are acquainted with Judges Ogden and Melvine, are going down to set this matter right.

It is to be deplored that so strong and able a citizen and property owner of our county should receive such unmerited censure. And we can safely speak for the people of Mendocino county that they believe no such statements about Mr. Preston. And we hope he will pay no further attention to it.

Funeral of Mrs. Weinmann

The funeral of Mrs. Nora Weinmann took place from the Christian church last Friday afternoon and was one of the most largely attended funerals ever held here. There was not standing room in the church, and the yard, front steps and sidewalk were crowded with friends of the deceased who had gathered to pay their respects to the memory of the departed. There were many beautiful floral pieces, especially the tribute by the county officials. The funeral sermon was preached by the Rev. Wilkison, the rest of the services being under the auspices of the Rebekah lodge.

Visit the Geysers

Last Sunday morning J. C. Ruddock and wife, and daughter Alice, and the Misses Viva Skinner, Irene Hildreth, Grace Mathews, Birdie Mooney, Myrtle Ruddock, Annie Cunningham, and Messrs. Lou Hildreth, Pete and John Cunningham, and Col. Abe Marks got up bright and early and started for Cloverdale at 13 minutes to 6 via the C. N. Ry company's shortest route. There were 13 people in the party and they breakfasted in Cloverdale 13 minutes after 7 and the youngest one in the party was just sweet—13. From there they proceeded to the Geysers to spend the day. They had a very pleasant outing, all due to Pete Cunningham. The horrors of "13" pervaded everything so Pete always stood up when the others sat down to eat lunch, or he sat down when the others stood up so as to break the mystic spell of "13," which he did admirably, save with the one exception when John C. and the Colonel got to talking. They talked incessantly—exactly 713 minutes. Pete fell in a "feint" when the party arrived home at 13 minutes past 7 and dispersed at 13 minutes to 10.
